1983 Terrapin Preview

The outlook is bright for the 1983 edition of the Maryland lacrosse Terrapins, as they strive for their 13th National Championship. Ranked eighth in the final USILA poll, the Terps finished last season with an overall record of 8–5 while while advancing to the NCAA quarter-final playoff round. All five of the Terrapin defeats last season came at the hands of teams which qualified for the NCAA playoffs, with two of those defeats coming against long time rival Johns Hopkins.

With seniors Tim Worstell and Jim Wilkerson, a 1982 first team All-American, returning to the attack unit, third year coach Dino Mattessich will have an experienced front line to provide the team with scoring and leadership. Wilkerson scored 41 goals and had 21 assists to lead the team in scoring last season, while Worstell was second with 32 goals and 4 assists. Also competing for a starting position are seniors Marc Dubick, Mike Hubbard and Chuck Muhly and sophomore Ed Gregory and two freshman candidates Doug Trettin and Scott Leonard. Coach Mattessich feels the attack position will be greatly improved over last year.

"If we can find a third attackman to compliment, experienced Wilkerson and Worstell, we will have a strong unit that will provide more variety in our team offense. Also we plan to highlight Wilkerson's individual ability to get more people involved in our offensive scheme. He may not score as many goals as he did last year but he should get his points while making things happen and getting more out of the players around him."

At midfield, the Terps will return experienced players with seniors Jack Francis and Mike Ruppert, junior Jay Harkey, and sophomores Tony Olmert, Chris O'Brien, Paul Gnieser, Kevin Hart and Tom McCabe. Transfers Kevin Sullivan, a 1982 first team All-ACC and Honorable Mention All-American from N.C. State, and Mike Hart, a 1982 first team junior college All-American and Junior College Midfielder of the Year from Nassau Community College, are expected to be candidates for a starting position. Other newcomers also include Matt McGeady, John Steffen, Stewart Brandenburg, Joe Monaco and Allen McGuckian.

"With the experienced returning players and the potential of the new players coming in, the midfield position will provide intense internal competition. This competition will not only improve the abilities of individual players, but also provides the depth quality needed to compete in our league," says Coach Mattessich.

This year's defense will be under the direction of new Assistant Coach Craig Hubbard. This is an area that the Terrapins are hoping for their greatest improvement. Returning letterman Mark Wheeler has been a consistent performer. Curtis Rountree had a good fall season and seems completely recovered from knee surgery two years ago.

Seniors Jim Claborn and Dave Parker could start or see a lot of playing time. Returnees Wayne Reed, Rick Rivillas, Joe Janssens, along with newcomers Chip Hazlett, Dan Tracy and Mike Schwasnick will add depth to the defense.

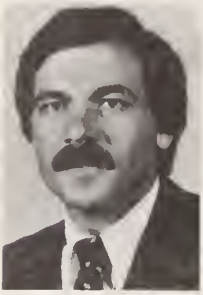
"We are looking to instill more aggressiveness and coordination in our team defense and based on our fall practices we appear to be on the right path."

Junior Kevin O'Leary returns as a two-year starter in the goalie position along with another experienced junior, Kevin Bilger, making for a strong Terrapin duo in goal.

As in the past the Terps will have one of the most demanding schedules in the country. They will face two-time defending champion North Carolina, in addition to Johns Hopkins, Virginia, Navy, Washington & Lee, Adelphi, Syracuse and Massachusetts.

"With this schedule we are in position to take matters into our own hands. The time has come for us to take another step toward our ultimate goal—the NCAA Championship. To do that we will have to finish with a higher regular season ranking. Last year we had a young squad that showed potential and we came close to having an outstanding season until inexperience prevailed. This year we will have more experience and some added depth. If we can maintain our mental and physical edge through our tough schedule, we should be in good shape come NCAA playoff time."

The Coaching Staff



Dino Mattessich—Head Coach

Dominick "Dino" Mattessich begins his third season directing the University of Maryland lacrosse program. A 1974 graduate of the University, Mattessich returned to College Park in 1980 as an assistant to his former coach, Bud Beardmore. One year later, following the retirement of Beardmore, Mattessich was named only the sixth head coach since lacrosse became a varsity sport at the College Park campus in 1924.

In his first two seasons as coach he has led the Terrapins into the NCAA quarter-finals, while compiling an overall record of 18-10, and sixth and eighth place rankings in the final USILA poll.

Mattessich began his coaching career in 1976 at Maryland as an assistant under Beardmore before moving onto the University of Baltimore in 1977. He spent one season as an assistant lacrosse and cross country coach before assuming the duties of head lacrosse coach in 1978. As Baltimore's coach, Mattessich guided his first team to the NCAA Division II playoffs with an 8-7 record. In his second and final year, Baltimore entered Division I play and posted a 6-6 record.

Maryland With Mattessich

Year	W	L	National Standing
Player			
1972	9	2	Semi-finalists
1973	14	1	Champions
1974	12	3	Runnerup
Assistant Coach			
1976	12	1	Runnerup
1980	5	6	
Head Coach			
1981	10	5	Quarter-finalists
1982	8	5	Quarter-finalists
COMBINED TOTALS	70	22	.761 pct.

As an undergraduate at Maryland, Mattessich lettered three times as a midfielder (1972-74), and played on the 1973 NCAA Championship team that defeated Johns Hopkins 10-9 in sudden death overtime. In 1974 he captained the Terps to a return trip to the NCAA finals and was awarded the Jack Faber-Al Heagy award as Maryland's unsung hero. Following his senior season he was selected to play in the 33rd annual North-South All-Star Classic.

After receiving his Bachelor of Science in Physical Education from Maryland, Coach Mattessich continued with his studies and earned a Masters degree in Athletic Administration from Western Illinois University in 1976.

A native of Yugoslavia, Mattessich came to the United States at the age of six. He was raised in Freeport, N.Y. where he played football and lacrosse while earning membership in the National High School Key Club. He was named All-Nassau County in lacrosse and was chosen Freeport High School's captain and MVP.

Last year, Coach Mattessich was selected to the Executive Board of the USILA and is currently Chairman of the Awards Committee. He is married to the former Kathy D'Ambrogy and they reside in Relay, Maryland with their daughter Kimberly.

Craig Hubbard—Assistant Coach

Craig Hubbard returns to the University of Maryland lacrosse team this season as an assistant coach in charge of the defense. A graduate of Maryland, Hubbard earned his Bachelor of Science degree in 1969 from the College of Journalism.

Twice previously he has worked here as an assistant to Bud Beardmore. He was on Beardmore's first staff during the 1970 and '71 seasons and then again from 1977-79. Craig's other collegiate coaching experience was at Princeton University, where he was head assistant coach in 1974 and '75.

For seven seasons Hubbard was head coach of McGarvey's lacrosse club and in 1980 was named Hero's Club Coach of the Year.

As a player for the Terrapins, he was chosen to play in the 1969 North-South All-Star game and was awarded the Joe Deckman-Sam Silber Trophy as the Most Improved Defenseman on the Maryland squad.

Jim Dietsch—Assistant Coach

Jim Dietsch begins his 12th season as an assistant coach in the lacrosse program here at the University of Maryland. Dietsch joined the coaching ranks at Maryland in 1972 as an assistant to Buddy Beardmore. In 1975, he was named head soccer coach and served as mentor to the Terp booters for six seasons. He resigned from his soccer position after the 1980 season and was promptly named to his new position as Academic Advisor for the Athletic department.

While attending Maryland, Dietsch played midfield under then lacrosse coach John Howard. This season, Dietsch will take charge of the midfield and serve as "riding coach" under Coach Mattessich. Dietsch is married to the former Barbara Yates, a Maryland graduate, and they are the proud parents of a 2-year-old daughter, Erika Lee.

The Maryland Experience

Head Coach and former Terrapin player Dino Mattessich discusses the career of a student-athlete at the University of Maryland.

"A college career can be one of the most rewarding and fruitful experiences of a lifetime. Participation in inter-collegiate athletics further magnifies one's experience. The fortunate who have been involved later realize the true value of their experience both on and off the field.

Our primary goal and personal commitment is to provide each player with a positive experience. This experience should help them become: 1) better people, 2) better students and 3) better lacrosse players, in that order. We feel that maintaining the order of these priorities is an important part of the "Maryland Experience".

Team development begins with selectivity in recruiting. Our intent is to bring to Maryland the finest student-athletes in the country, and being more concerned with quality than numbers. In coaching our players we look to develop their individual skills and employ their strengths to formulate a team philosophy that best suits our talents.

On and off the field we offer the opportunity to participate in the "Maryland Experience" to any student-athlete willing to reach out and take his own commitment."

The Education

Lacrosse is not the only part of a player's life. Every player recruited to College Park by Coach Mattessich is enrolled with the intention that he shall successfully complete a program leading to a bachelor's degree. The responsibility to see that each student has the utmost opportunity to fulfill his academic obligation is seen by Coach Mattessich as a part of the trust a player places in him when he enrolls in the University.

Noted for the academic strength of its programs, UMCP is one of 51 members in the prestigious Association of American Universities. It is currently the seventh largest university in the United States, and with such size comes quality. This means not only better facilities in the day-to-day classroom, but also in the research and faculty staff. The staff consists of over 6,000 personnel, which brings the student/professor ratio down to 17·1. This allows Maryland to offer a degree in a variety of fields. More than sevently percent of all undergraduate classes hold fewer than 30 students, and large lecture courses include small-group discussion or laboratory sessions. Case-in-point of a large university with a personal small college flavor.

In continuing with the University's drive for academic excellence, the lacrosse coaching staff has instituted a grade monitoring and degree advisement system for all players. A faculty academic advisor is made available to help all team members plan their academic programs, and tutoring is made available in all subject areas.

The Facilities

A player for the Terrapins goes first class all the way. Home games are played in the 45,000 seat Byrd Stadium, while the team has the choice to practice on a regular grass surface or an artificial turf field. The University provides all equipment.

The locker room is both modern and luxurious. The fully carpeted Byrd Stadium building includes a modern training center, complete with Nautilus facilities, numerous weight training accessories, equipment rooms and separate locker rooms. Similar facilities are also found in the Football Building, Cole Field House, and the North Physical Education Center on the College Park campus.

Today, the University of Maryland at College Park is described as a Georgian Colonial campus, with more than 200 buildings spread across a 1,300 acre, park-like setting. The College Park campus is a city of young people with all the advantages, excitement and problems of a community.

The campus has its own daily newspaper, police department, an 18 hole golf course, hotel, stores, restaurants, theatre, movie house, art gallery, pub, bowling alley, tennis courts and swimming pool.

More unusual yet for a city of any size are the University's own nuclear reactor, wind tunnel, comprehensive Computer Science Center and one of the largest academic library systems in the nation.

The Goal

TO BE THE BEST

This four word phrase is the uncompromising goal of Maryland Lacrosse. In practice, in competition, in the classroom and within the student body, members of the University of Maryland Lacrosse team are dedicated to achieving the position of Number One. The goal is an ambitious one, and anyone who aims lower is not going to fit into the Maryland program.

When you aim for the top, you must pay the price, and anyone who believes that success comes without effort is fooling himself. The demands on a Maryland Lacrosse player are great, but anything less would compromise that four word goal.

At Maryland, lacrosse is a year-round sport. The program starts with fall drills while the winter months are devoted to physical conditioning and the spring devoted to success in the season at hand.

During Spring Break, the workouts continue, but the practice site shifts from College Park to warmer climates of the South. The travel is not only for the enjoyment of lacrosse, but also for the furthering of the educational experience.

This, then, is lacrosse—The Maryland Way. The privilege is a great one as is the price. However, all of Maryland's players are willing to pay the price in order to be a part of the Terrapins' drive TO BE THE BEST.
